Host Family Orientation Night—Nov 22

We will be having a Host Family Orientation Night on November 22, 2012 for all host parents who are part of the Red Deer Public Schools Homestay Program. It will be held at the Red Deer Catholic Schools Central Office at 7:00 pm.

During the evening, valuable information will be shared that will be useful for new and old host families alike. All host parents are encouraged to attend (without students). Some of the topics that will be covered are: curfews, food, chores, sleepovers, travel policy, etc. Representatives from Ingle International will also be in attendance to answer any questions regarding student medical insurance.

This is a great opportunity to meet some other host families and to ask questions. If you have any specific questions you would like answered, please send Ashley an email before hand so that she can have answers for you that evening.

Getting Involved

Getting students involved in activities can sometimes be **difficult**. **We have all heard or used the phrase, “Walk the Talk.” In business it translates as “putting into action what you advocate in words.” For Host Families “Walk the Talk” means moving beyond the token statement, “Yes, we want to have a good year with our student,” to actively doing all that you can to make sure things turn out that way.** One host father expresses it this way.

About six weeks into the hosting experience you realize, hey, if we want our international student to really understand our lifestyle, we’ve got to make it understandable. And, if we really want this person to be important to us, we’ve got to talk about the things that we actually do consider important.

You just come to a dead end and realize you can’t continue on as before. You have to turn the corner and say, I’m going to do whatever it takes to make this a real – life, person to person adventure.

Explain what it means to participate in activities or some-
one else’s life style. Although you want your student to try living like a Canadian, you are not asking them to re-nounce their own culture and in effect become **“Canadianized.” Point out that involvement means (1) Ex-**perimenting with and sampling Canadian ways of doing things and (2) Learning the rules and skills necessary to participate in your family and Canadian Culture as full as possible.

How Courageous!! - A Host Parent's Perspective

Imagine yourself, at age 16, packing your bags to go to a new country, immersed into a new language, to be leaving your family for 6 months or more, to arrive and adapt to a new family, be surrounded by strangers, different food, and snow! Wow!! And so, empathy is pretty important.

When we began being a host family, I was concerned about how different my home was compared to what these children normally experience. Yes, you'll have to clean your own bathroom, do your laundry and pack a lunch. Our student from Mexico last year, told us along the way that she now really appreciates the hired help at home. I love hearing their stories at the dinner table. Our student this year happily packed her swimsuit and towel one afternoon to meet friends...."to do pool". About an hour later she texted to tell me that they were using a long stick to hit balls!! No swimsuit required!

International students have opened the world to my daughter. Being able to go skating with friends from Brazil, Mexico, Germany and Japan all in one afternoon, to learn a few words in another language, to be a part of their first Thanksgiving dinner, first Halloween carving of pumpkins, first live theatre attendance, first time baking cookies....to see what we take for granted, through new eyes.

Last year we communicated frequently with our student's parents. They were so grateful for the TLC we extended towards their daughter. We took her to her soccer practices and cheered her on, invited her friends for sleepovers

and hosted birthday gatherings. Looking back, we made the biggest difference when she wasn't feeling well or experienced an injury. When they miss their family most is in a time of need and we need to be there for them. Our greatest gift is our time. In return, our family became bigger. We were invited to travel to Mexico last summer to meet and spend time with our student's family. The tables were turned. We were the strangers immersed in a new culture and climate. To meet your student's family in person is a very humbling, beautiful experience. We had shared their child for a whole school year! You just never know what the ripple effect of your kindness will bring! We're glad to be a host family again!

Activities in the Schools

There have already been lots of fun activities at all of the schools for the students to participate in. Both High Schools hosted International Potluck Suppers for International Students and their host families. Many people came and enjoyed the food from many different countries. The students each introduced themselves in English and told everyone where they were from at each of the suppers.

HHHS students recently went on a field trip to Banff. The students had a great time and took many wonderful pictures. Look for a few of these in this newsletter.

Football season is over now but many students took advantage of our warm fall weather to watch their school team play.

Both high schools have a Winter Formal dance coming very soon so get your best outfits ready. Ask at your school for details.

There will be many opportunities for students to take part in ski trips, both with their school and with the International Program this winter. Pay close attention to dates as the trips fill up quickly.

If you have questions or concerns regarding life at school or at home, please feel free to contact us.

A Student's Perspective—Maya

I am studying at Lindsay Thurber High School in Red Deer, Canada. The school is so big and there are many students here. The teachers are kind and funny. I like this school because there are many option classes to take. I have been able to take a lot of art classes. I enjoy these classes because they are much more interesting than art class in Japan. I plan to graduate from Lindsay Thurber.

My host parents are very helpful. I like Red Deer because it is a lively city and the people are very friendly.

Extending Your Stay—Renewing Your Study Permit

If you originally came to study for one semester and have decided that you want to extend your stay, there are a few steps you need to take right away. The first thing you need to do is to talk to your parents. Once your parents are in agreement, the next step is to talk to Mr. Porkka and let him know of your intentions.

The International Services office will issue you a new Letter of Acceptance for the second semester which is one of the documents you will need to renew your study permit.

A STUDY PERMIT is a document that allows you to study in Canada. It is

the document that was stapled to your passport when you arrived in Canada.

You may contact the International Services office for a copy of the study kit and to obtain copies of the necessary documents.

IMPORTANT: You must send your application for extension while you are in Canada.

The kit may also be downloaded from your computer. To do this go to the following website and follow the links:

www.gic.gc.ca/English/information/applications/visitor.asp.

Unfortunately, International Services cannot complete your study permit application for you. We are very willing to assist you and to check it before you send it away.

Fall/Winter Holidays and Events

Canada celebrates a few holidays in the fall that may be different than the ones you are familiar with at home. You have already experienced a Canadian Thanksgiving and we hope you all enjoyed a great meal that day.

Halloween is a fun holiday in Canada on October 31. We hope some of you were able to dress up for school events and maybe you were even brave enough to visit one of our local haunted houses.

Remembrance Day is on November 11 every year. This is a day that Canadians reflect on the sacrifice of others so that we in Canada can enjoy a free, peaceful and safe country today. Wearing a small poppy on your coat is one way of showing respect for the veterans. Remembrance Day **Ceremonies will be held at all of our city's schools.**

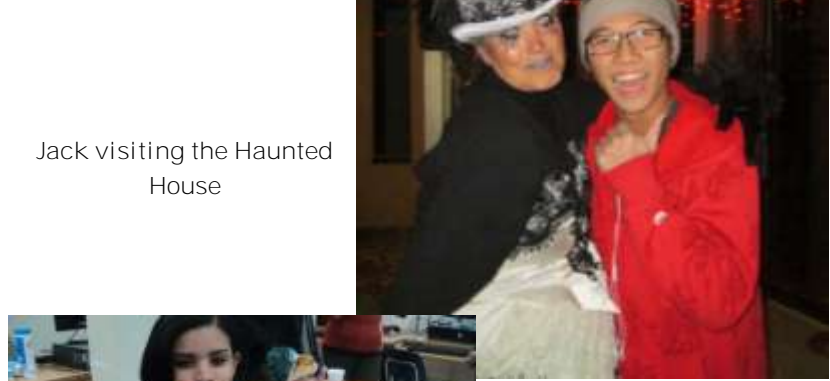

Christmas is celebrated on December 25. For many of you, this may be the first Christmas away from your family. If you are staying in Canada for Christmas, get involved in the preparations with your host family. This can involve: decorating the Christmas tree, baking goodies for Christmas day, shopping for gifts for family and friends, Christmas parties in December with family and friends, etc.

Ask your host family what their family traditions are. **Perhaps you can share some of your own family's traditions as well.**

Holidays can bring on a longing for family and friends. This is normal. School is closed for 2 weeks over Christmas and New Years. Try to think of this as an opportunity to try new things and to spend time with friends and your host family. Join in and keep busy.
